Summary

Aspiring Software Engineer with strong interest in Web Development and Data Structures & Algorithms. Skilled in building responsive web applications, analyzing requirements, and collaborating to deliver efficient solutions. Focused on improving problem-solving abilities and application performance.

Education

- **Master of Computer Applications** 2025 – Present
  KIET Group of Institutions, Ghaziabad
- **B.Sc. Mathematics** 2020 – 2023
  Jananayak Chandrashekhar University, Ballia
- **Class XII (CBSE)** 2018 – 2020
- **Class X (CBSE)** 2016 – 2018

Technical Skills

- **Programming:** C, Java, Object-Oriented Programming (OOP)
- **Web Development:** HTML, CSS, JavaScript
- **Database:** SQL, MYSQL
- **Core Concepts:** Data Structures, Problem Solving, System Analysis
- **Tools:** Git, VS Code, MS Office,Eclipse

Projects

- **First Flight Travels — Online Travel Booking Website** Sep 2025 – Jan 2026
  - Developed responsive user interfaces based on user requirements.
  - Integrated APIs with backend services to ensure seamless functionality.
  - Implemented input validation and optimized UI for improved usability.
  - Enhanced responsiveness and overall user experience across devices.
- **Edu-Connect ERP Portal**
  - Developed ERP portal using HTML, CSS, JavaScript, and Firebase (Realtime Database).
  - Implemented real-time data synchronization and efficient data handling.
  - Collaborated on module development and improved system performance.
  - Resolved technical issues to enhance system responsiveness and reliability.
- **AI Career Copilot**
  - Built an AI-based system to evaluate resumes against job descriptions using Retrieval-Augmented Generation (RAG) and LLM-powered feedback.
  - Implemented ATS validation, skill matching, and automated interview question generation to simulate real-world hiring processes.

Internship

- **AICTE – Microsoft Elevate Internship** 01-01-2026 – 12-02-2026
  - Analyzed cloud systems and provided analytical support for Azure-based solutions.
  - Collaborated and coordinated on AI and Machine Learning project tasks.
  - Performed cloud deployment and facilitated system implementation.
  - Identified risks and developed recommendations to improve system performance.

Certifications

- Computer Networks Certification - Cisco
- Java – Infosys Springboard
- Web Development – Infosys Springboard
- Prompt Engineering – Infosys Springboard

Co-Curricular Activities

- Volunteered in Ek Bharat Shreshtha Bharat initiative, supporting student engagement activities.
